The northbound entry slip road at junction 44 of the M6 has been closed following an incident where a HGV has shed its load.

Police were called at 4.51pm today (12th February) following the discovery of large amounts of PVA glue leaking from a lorry on the slip road at Carlisle.

The slip road and lane one northbound is expected to be closed for some time as police and partner agencies deal with the incident.

There is no risk to the public and motorists are advised to avoid the area whilst work is ongoing to deal with the incident.
